➤ **Does your schedule allow you to attend?** ___ Yes ___ No

The Faculty Senate Committees meet based on members' schedules.

CANDIDATE NAME: Mark Knoblauch

COLLEGE: CLASS

DEPARTMENT: Health and Human Performance

RANK: Clinical Assistant_

EMAIL: maknobla@central.uh.edu

Please provide a brief overview of any teaching, research, and/or service activities/experiences that you feel could contribute to the Faculty Senate.

As a clinical assistant professor in the new Master of Athletic Training program at the University of Houston, I have been intimately involved in the development and administration of the program. This process included not only performing the steps necessary to get the program accredited, but also developing all courses that I teach as well as organizing clinical education sites. Specific to research, my administrative duties as a clinical professor in the MAT program have limited my research capabilities and time but my area as a graduate student at UH and through my post-doctoral work has been involved with muscle physiology. I have also been able to serve as editor on one academic textbook and am currently involved in the development of a second, and I have published several medical-based patient reference books for patients with vestibular disorders. I have served on several regional and national committees in my profession, including two as chair, and I am a site visitor for my profession's accrediting body. I feel that these steps have prepared me well to serve as a member of the faculty senate.
