Please insert any additional information you believe pertinent.

Dr. Celly is a competitive strategy and international business professor with a keen interest in smart technologies. He received his Ph.D. in Business Administration (Strategic Management) from the Richard Ivey School of Business at the University of Western Ontario in Canada. Nikhil also has a Master's degree in Electrical Engineering from the University of Rochester, New York where he specialized in Medical Imaging.

Dr. Celly has taught strategy, emerging markets and competitiveness courses in the US, Canada, China and Hong Kong. Prior to joining the C. T. Bauer College of Business, Nikhil taught for six years in the top ranked MBA (FT and Economist global Top 30) program at the University of Hong Kong. He has conducted executive courses on strategy, big data strategy and emerging markets strategy for Sothebys' UK, Chinese public and private sector officials, various non-profit organizations and banking executives, as well consulted for select organizations such as Cisco and The World Bank.

Prior to joining academia, Nikhil worked as a senior manager in a software and people management-consulting firm, two start ups with venture funding including from the International Finance Corporation (IFC), and founded a consulting and training firm
