Please insert any additional information you believe pertinent.

I am a member of the biomedical sciences faculty that is responsible for developing and performing the pre-clerkship instruction for the college of medicine. I am a course director for the clinical anatomy and human development (gross anatomy), scientific foundations of medicine (basic sciences), and nervous system courses for the pre-clerkship curriculum. I am also a member of the college's curriculum committee, admissions committee, faculty council and also participated in the accreditation activities for the college.
